

RINGSPANN® HIGH SPEED FREEWHEEL CLUTCHES

German engineering and American ingenuity are combined to bring you the finest, most durable, and most adaptable clutches on the market. With the RINGSPANN® exclusive design, sprags lie in close proximity to each other, allowing for maximum torque in minimum space. The various sprag profiles guarantee long life for each application. Costly down time is virtually eliminated.

ZZ SERIES

- Combined bearing and one way clutch
- Same dimensions as type 6200 ball bearings
- Individual spring for each sprag
